ATTENTION: [REDACTED]

FROM: Chief, CIA/PID (NPIC)

SUBJECT: Weekly Summary of SAM Installations

1. During the week of 1 April the following SAM installations were verified and listed by NPIC.

(a) SA-2 site located 15 nm northwest of Budapest (B 31-2), Hungary at coordinates 47-39N 18-44E (USATC 252-5AL). Fan configuration. Photo reference: [REDACTED]

(b) SA-2 site located 4 nm south-southwest of Dunafoldvar, Hungary (designator A 19-2), at coordinates 46-44N 18-54E (USATC 0252-10A). Fan configuration. Photo reference: [REDACTED]

(c) SA-2 site located 6.5 nm west-southwest of Orenburg (Chkalov), USSR at 51-45N 54-26E (USATC 0236-2ZL). Absence of road pattern precludes identification of configuration, however, other features are of the standard SA-2 site characteristics. Because of its location within a military training area, this is a probable training site.

2. The photo analyst on this project is [REDACTED] and he may be contacted on extension [REDACTED] should you have any questions concerning this memorandum.
